

This is a How-To Guide of the Categories feature for Remember Thee. This guide will show you how to:

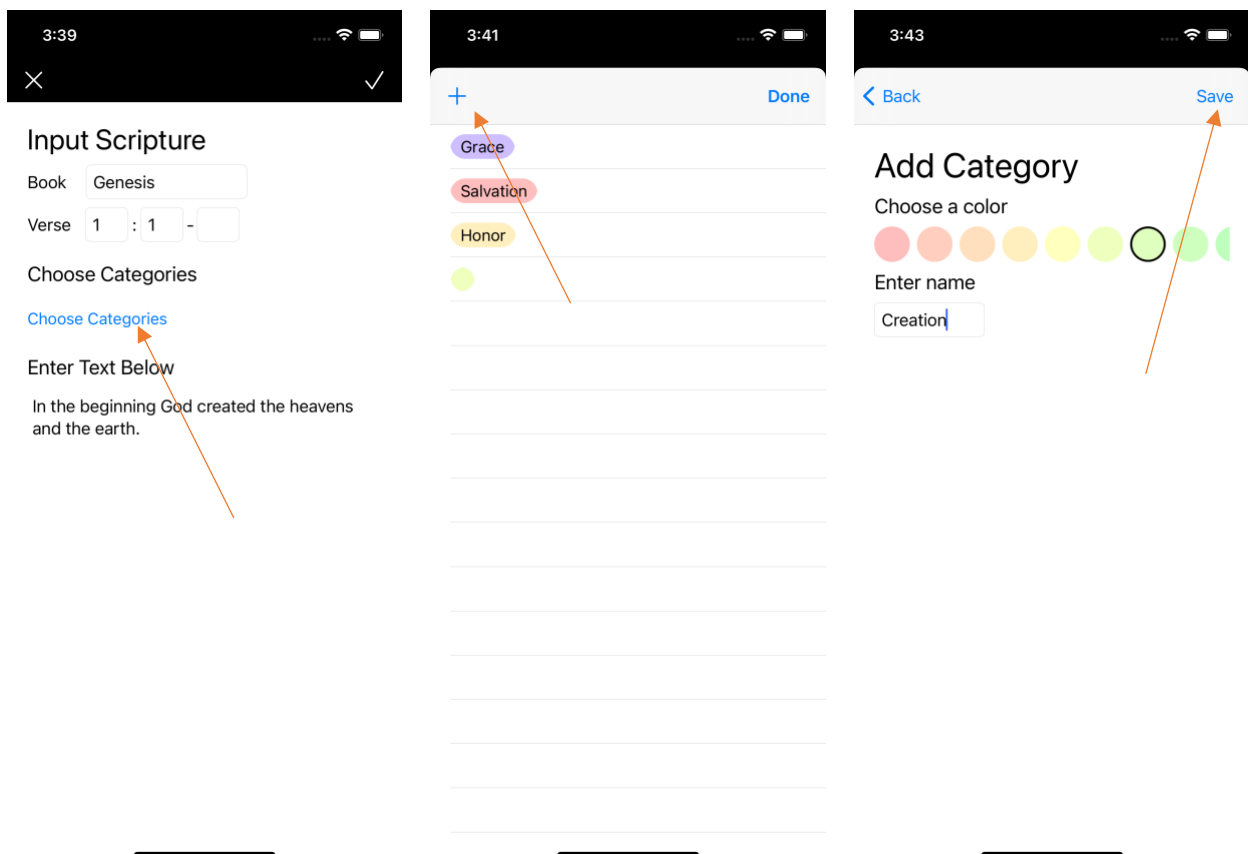

1. Create Categories
2. Add Categories To A Verse
3. Filter Verses By Categories
4. Manage Categories

1. Create Categories

To use categories, you first have to create them. Follow these steps to create categories.

1. While adding or editing a verse, select “Choose Categories”
2. Press the “+” button
3. Choose a color, enter a name for the category, and then press save.

The category will be added to the verse when you press the “✓” to save the verse. If you press the “X” to discard your changes to the verse, the category will not be saved.

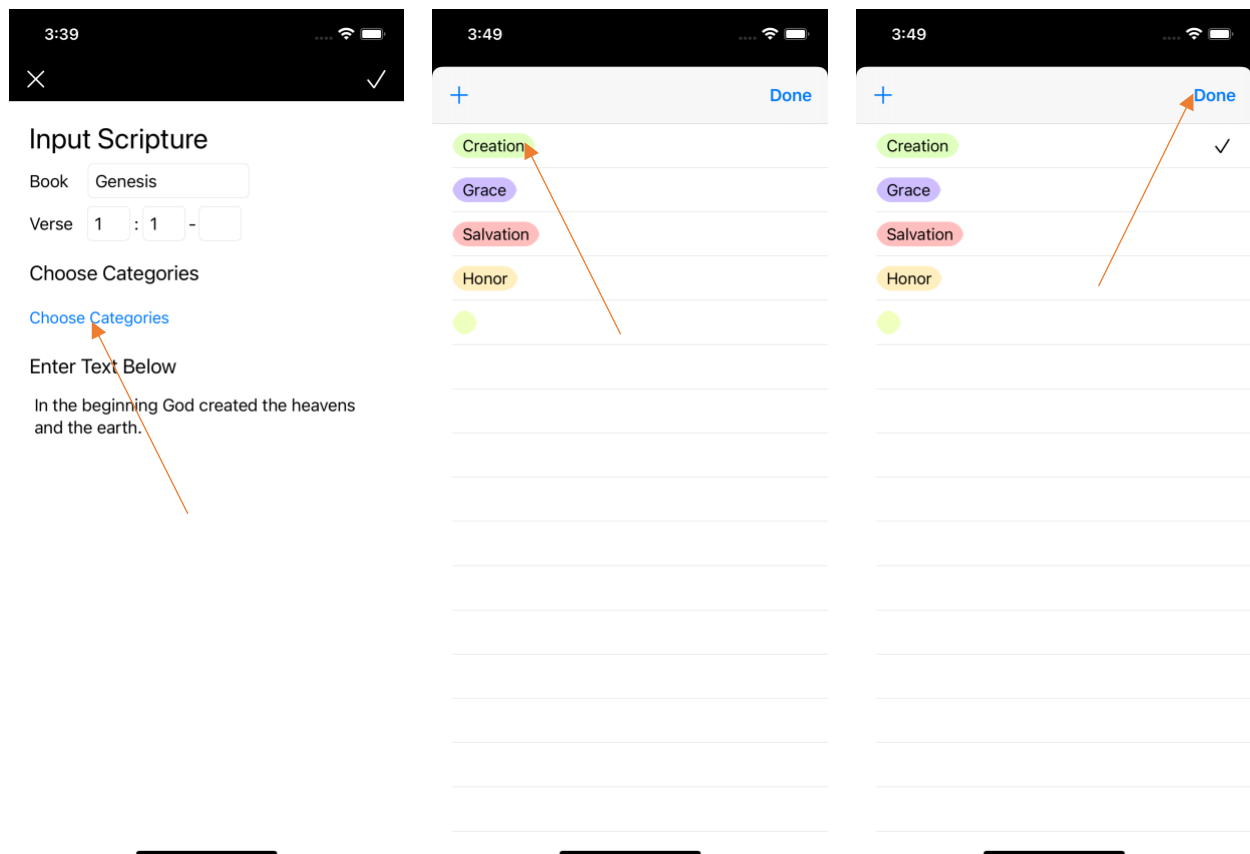

2. Add Categories To A Verse

Once you have created the categories you want to categorize a verse with, you then have to add the categories to that verse. Follow these steps to add categories to a verse.

1. While adding or editing a verse, select “Choose Categories” (if you have just created a category, you can skip this step).
2. Select the categories you want to add to this verse.
3. Press “Done”

The category will be added to the verse when you press the “✓” to save the verse. If you press the “X” to discard your changes to the verse, the category will not be added.

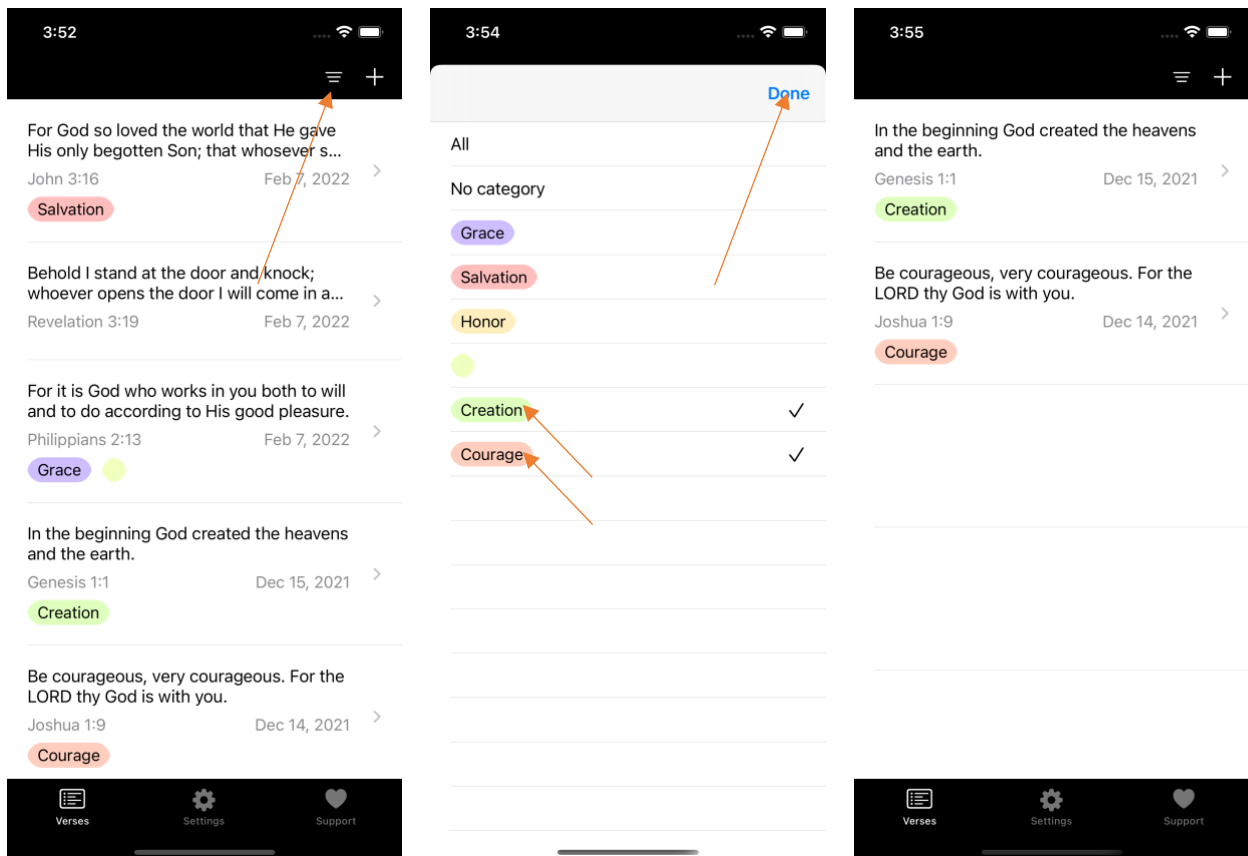

3. Filter Verses By Categories

Once you have categories added to verses, you can then filter your verses by those categories. Follow these steps to filter verses by categories.

1. Press the ☰ button
2. Choose the categories you want to filter by
3. Press “Done”

The “All” option will remove any filters and present all verses you have in Remember Thee. The “No category” option will present only verses without a category added to it.

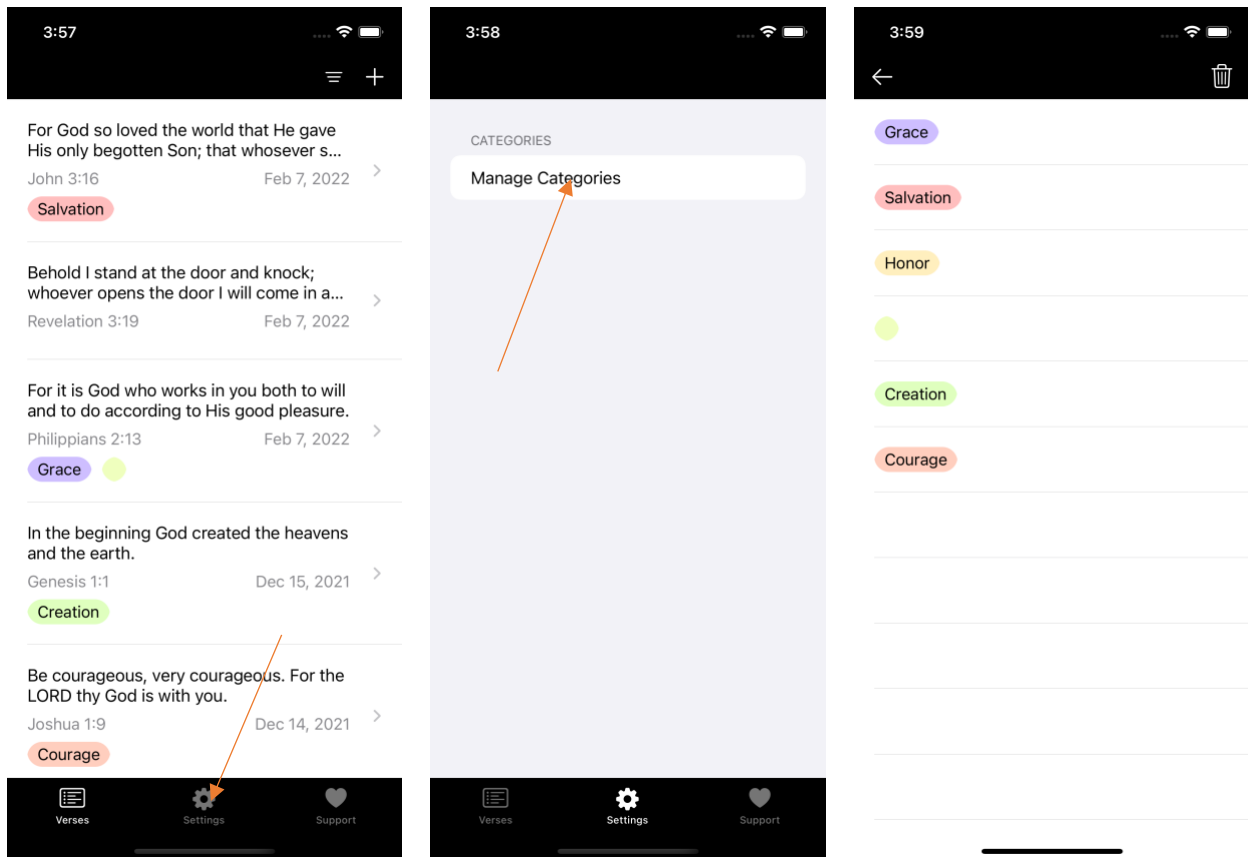

4. Manage Categories

If you need to update or delete your categories, please follow these steps.

1. Press the “⚙ Settings” icon
2. Select “Manage Categories”

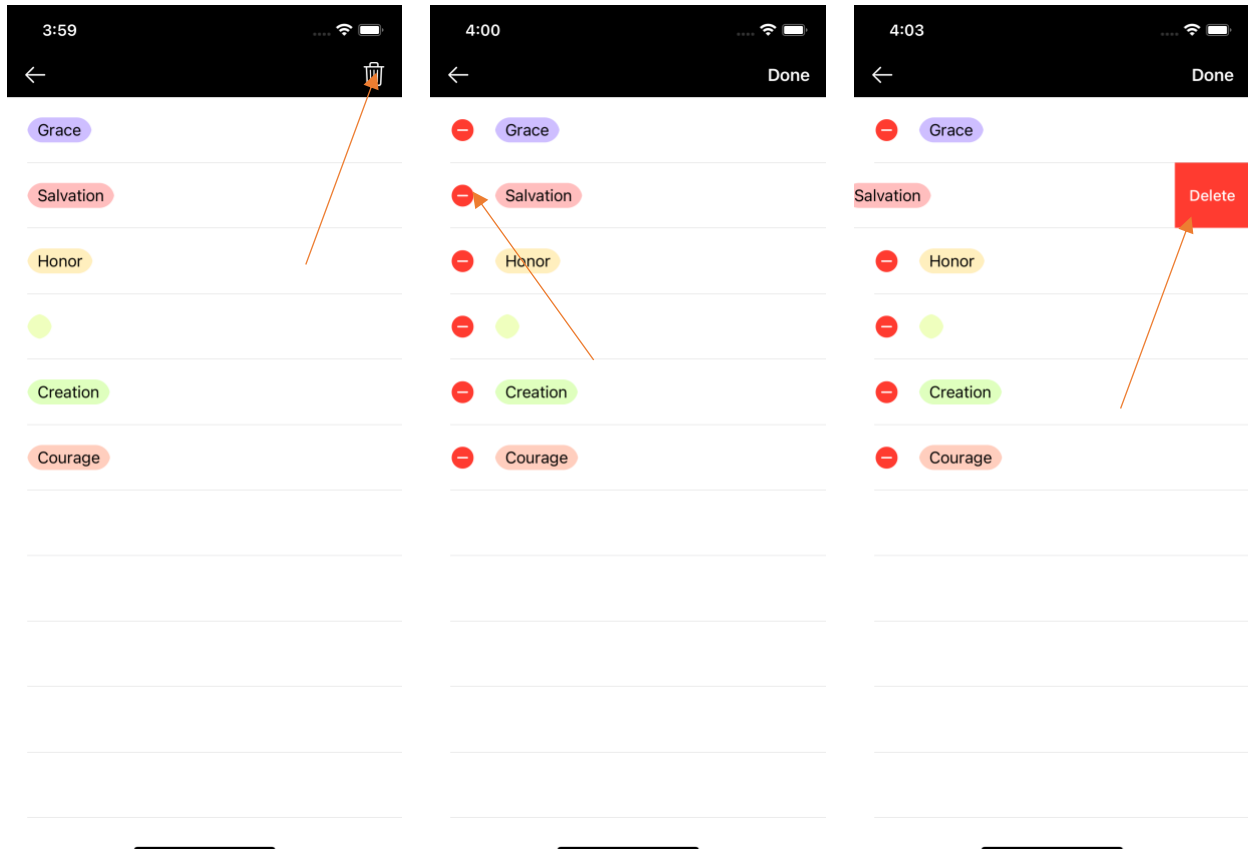

This will present you with a list of all the categories you’ve created.

Delete Category

1. Press the Trash Can icon
2. Press the “-” icon for the category you’d like to delete
3. Press “Delete”

You will be presented with a confirmation window confirming that you want to delete the category. Press “Delete” to delete, or “Don’t Delete” to not delete.

Edit Category

1. Select the category you would like to edit
2. Choose a new color and/or edit the name
3. Press "Save"
